## How to Build Flight Connections:

Step 1 - Select a flight from your origin airport to a connecting airport. Note the arrival time.

Step 2 - To determine how much time is needed to transfer between flights, add the connecting flight's arrival time to the minimum connecting time. This is the earliest connecting departure time.

Step 3 - Select a flight from your connecting airport to your final destination airport, which departs anytime after your earliest connecting departure time that you determined in step 2 above.

Please note that flights to/from the following cities are considered to be domestic for connection-building purposes:

Aguadilla, Puerto Rico                      Aruba, Aruba                                      Saint Thomas, USVI                                      San Juan, Puerto Rico
